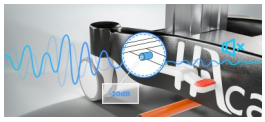
- Universal double-sided technical rail
- Optimize the treatment area
- Facilitate maintenance
- The QR Code for accessing all information

CE MD MANAGEMENT ET SATISFACTION CLIENT ISO 9001 DISPOSITIF MÉDICAL ISO 13485



Combating noise pollution

Anti-vibration support, **high-performance shock absorber**: for **smooth**, **quiet**, and **comfortable transport**, even when crossing thresholds or exiting elevators. **Noise pollution is significantly reduced.**

Combating musculoskeletal disorders

Its **ergonomic, retractable handles, dual wheels**, and **synchronized fifth steering wheel** optimize maneuverability. Its **two shock-resistant corner guards** and **integrated shock absorbers** absorb impacts.

Removable “Métier” headrest

Suitable for **ophthalmic** and **dental care**, the **removable headrest** can be quickly attached using the **EasyClip** system. Its cushion, held in place by a magnetic system, can be easily replaced without tools.

TECH+ Side Rails with integrated controls

Autonomy and comfort for **patients**, ergonomics and **responsiveness** for **caregivers**.
Easy to access and assisted, they **facilitate every movement**, even during intensive use.

Performance

Length sleeping surface	202 cm
Width sleeping surface	65 cm / 75 cm
Variable height minimum	Sleeping surface without mattress: 47 cm
Variable height maximum	Sleeping surface without mattress: 85 cm
Foam HR density	35 kg/m3
Backrest	0 to 78°
Legrest	0 to 54°
Trendelenburg	15°
Maximum patient weight	185 kg

CE marking	CE
