Combating musculoskeletal disorders

Optimal maneuverability for **smooth, safe, and effortless transport,** even on uneven surfaces.
Its **large** rear **wheels** and **ergonomic handles** ensure optimized **rolling** and **grip**.

Optimizing care during treatment

Accessories can be **attached** in one simple step, **without any tools**, providing immediate time saving.
The **accessories** are fully **modular** and can be adapted to suit every need, ensuring **smoother operation** and more **efficient transfer.**

Make cleaning easier

Tool-free disassembly for quick, **thorough cleaning**, perfect hygiene, and real comfort for nursing staff.
Seamless, heat-sealed, **waterproof coating.**

Slot-in chairs to optimize space

I-MOVE transfer chairs are designed to fit **together perfectly.** When **five or more chairs are stored together**, they save **56% of** floor space, **optimizing** storage and **freeing up** valuable **space** within the facility.
