Fighting noise pollution

Anti-vibration support, **high-performance damper**: for **smooth**, **quiet** and **comfortable** stretching, even when crossing thresholds or exiting elevators. **Noise pollution is significantly reduced**

Fighting MSDs

Ergonomic handles, double-roller wheels and **5th directional and synchronized wheel** for optimal **maneuverability**. Designed to limit RSI and adapt to all morphologies.

Ultra-comfortable armrests for picking or care

Designed to adjust to all body types, the **Body Flex armrests** are **multi-directional**, **orientable** and **translatable** by 7.5 cm for optimal arm positioning.

Ultra-comfort in a single gesture

Thanks to the **"Zero gravity position"**, **recognized** for its ability to **distribute body pressure harmoniously**, the patient's weight is distributed evenly over the entire mattress. This posture **effectively reduces pressure points** and provides a pleasant sensation of lightness and well-being.
Optimized comfort, **relieved tension**,
