Combating noise pollution

Anti-vibration support, **high-performance shock absorber**: for **smooth**, **quiet**, and **comfortable transport**, even when crossing thresholds or exiting elevators. **Noise pollution is significantly reduced.**

Combating musculoskeletal disorders

Ergonomic handles, double casters, and **a synchronized fifth steering wheel** for **optimal maneuverability**. Designed to reduce musculoskeletal disorders and adapt to all body types.

TECH+ Side Rails with integrated controls

Autonomy and comfort for **patients**, ergonomics and **responsiveness** for **caregivers**.
Easy to access and assisted, they **facilitate every movement**, even during intensive use.

Make cleaning easier

Disassembly and **cover removal** (via buttonholes) **without tools** for quick, **thorough cleaning**, **perfect hygiene**, and real comfort for nursing staff.
