Combating noise pollution

Anti-vibration support, **high-performance shock absorber**: for **smooth**, **quiet**, and **comfortable transport**, even when crossing thresholds or exiting elevators. **Noise pollution is significantly reduced.**

Combating musculoskeletal disorders

Its **ergonomic, retractable handles, dual wheels**, and **synchronized fifth steering wheel** optimize maneuverability. Its **two shock-resistant corner guards** and **integrated shock absorbers** absorb impacts.

Removable “Métier” headrest

Suitable for **ophthalmic** and **dental care**, the **removable headrest** can be quickly attached using the **EasyClip** system. Its cushion, held in place by a magnetic system, can be easily replaced without tools.

TECH+ Side Rails with integrated controls

Autonomy and comfort for **patients**, ergonomics and **responsiveness** for **caregivers**.
Easy to access and assisted, they **facilitate every movement**, even during intensive use.
