Transfer - Patient transfer

Product ref: TRB7-S06P36-A400

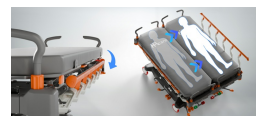

HIGHLIGHTS

- Easier stretcher transport
- Stability
- Optimize the treatment area
- Backrest, folding for patient comfort
- Make cleaning easier
- Controls accessible from 3 sides
- Ergonomic frame
- Facilitate maintenance
- Access to information via QR Code

Combating noise pollution

Anti-vibration support, **high-performance shock absorber**: for smooth, quiet, and comfortable transport, even when crossing thresholds or exiting elevators. **Noise pollution is significantly reduced.**

Zero Gap Side Rails

Ergonomically designed to ensure both patient **safety** and **comfort**. In **the raised position**, they **secure** the patient during transport, while in **the low position**, they enable **smooth** and **effortless transfer**.

Combating musculoskeletal disorders

Optimal maneuverability thanks to the **integrated shock absorber** and ergonomic rigid panels, adjustable in height. **Smooth, safe, and effortless transport**, even on floors that generate static electricity.
